

WEIDMANN

Shape our common future: The Weidmann Group is, and has been for over 140 years, a leading global supplier of engineered products and services. Weidmann develops and manufactures

- high-voltage insulation materials, components and systems, predominantly from cellulose, as well as diagnostics and engineering services, and sensors and monitors for transformer manufacturers and operators (Business Area Electrical Technology)
- microfibrillated cellulose for innovative engineered applications (Business Area Fiber Technology)
- sophisticated injection-molded plastics applications for the medical and pharmaceuticals industries (Business Area Medical Technology)

The Weidmann Group, headquartered in Rapperswil-Jona, Switzerland, is active worldwide in more than 30 locations and employs a staff of 3'200.

We are looking to recruit an electro-gas welder to join our team based in Malyn, Ukraine.

Electro-gas welder

Starting Salary: 6700 UAH. Permanent Full Time

Your tasks: Must be able to work on equipment used for electric arc, gas, plasma welding and cutting metal. Must know the technical characteristics and the principle of the operation of equipment on which the work is performed.

Your qualifications:

Technical and vocational education (certificate of the electro-gas welder). Professional development and work experience as an electro-gas welder of 5th category - not less than 3 year.

We are looking forward to receiving your complete application.
