

Fiber Technology Project Engineer (M/W/D)

(Fiber Technology, fulltime in Rapperswil SG)

Join our team to further inspire a culture of innovation.

Allow us to introduce ourselves...

We are a globally active family company whose sustainable and responsible actions contribute to improved living standards. We are an attractive employer with a value-oriented corporate culture based on trust, appreciation and continuous improvement.

Weidmann Fiber Technology is the world's leading provider of specialty microfibrillated cellulose materials and related know-how. We differentiate ourselves by tailoring our materials and production approach to our customer's requirements, offering deep know-how on microfibrillated cellulose, its properties and uses.

The role...

You are project leader for Tech Center projects to further develop and improve internal and external manufacturing processes and you work on MFC (micro fibrillated cellulose) application development together with R&D.

How you'll make an impact...

- Improve internal manufacturing processes, such as fibrillation of fibers in production machineries, drying of MFC gels, general process improvements and set up a clear process control
- Improve external manufacturing process, such as drying (powder, pad, thickener-belt press)
- MFC application development in Coatings, Adhesives, Emulsions

What do you bring...

- Completed Bachelor's degree with basic scientific studies
- Knowledge in chemistry (bio-based materials), in materials sciences and/or in the food sector are an advantage
- Fluent in English – additional German skills are preferred
- Accurate and conscientious approach to work
- Like to collaborate in teams, reliable, flexible and interacts respectfully and appropriately with different stakeholders

What do we offer?

- Annual working hours (based on a 40-hour week) with flexible working hours
- Above-average continued payment of salary in the event of accident or illness
- Own cafeteria with food options at favourable prices
- Central location in the middle of Rapperswil with close public transport connections and many restaurants and shopping facilities

We look forward to hearing from you soon!
