

WEIDMANN

Weidmann in a nutshell

The Weidmann Group is, and has been for almost 150 years, a leading global supplier of engineered products and services.

Weidmann develops and manufactures

- high-voltage insulation materials, components and systems, predominantly from cellulose, as well as diagnostics and engineering services for transformer manufacturers and operators (Business Area Electrical Technology)
- microfibrillated cellulose for innovative engineered sustainable applications (Business Area Fiber Technology)
- sophisticated injection-molded plastics applications for the medical and pharmaceuticals industries (Business Area Medical Technology)

The Weidmann Group, headquartered in Rapperswil-Jona, Switzerland, is active worldwide in about 20 locations and employs a staff of 2'700. In 2022 Weidmann achieved net sales of 373 MCHF.
